Happy Easter! I hope your Lent was a fruitful time of prayer, and that it has led to a deeper experience of joy this Easter! Lent is a time of particular focus for our spiritual life, and the process of our ongoing conversion. So although Lent has given way to the joyful season of Easter, it is beneficial for us to continue to hold fast to the lessons we have learned. What are the areas of weakness in our life that need continued vigilance? What are the new habits of prayer or holiness that we started? What are the ways that we have grown in self-knowledge? Lent is not meant to be singular, self-contained season, but a period of continued growth in our relationship with the Lord. In this way, by building on the foundations laid during this past liturgical season, we have a greater capacity to also live from the joy of the Resurrection.

-Father Peter Hughes

*Congratulations to our 10 newest Catholics that entered the Church at the Easter Vigil!
